

### **Action taken Report**

Our College has a Feedback system where First year and every department's forms are collected from all the stakeholders such as student, parent, alumni, employee, employer. Every feedback has some parameters based on teaching learning process, facilities for students, performance of staff, curriculum, infrastructure etc. At the End of each semester students are required to fill the offline feedback form. The feedback is analyzed subject wise and teachers feedback on the issue of student performance is analyzed and threshold is decided as 85%. Accordingly the appreciation letter is provided to the highest performer and reasons are asked for the poor performances if any. The report is submitted by the HOD

#### **Parent Feedback:**

1. Parents suggested that the students must be involved in the industry based projects. They also suggested the need of industry academic interaction for students.

#### **Action Taken:**

Students are encouraged to do field project and are involved in industry based project to get industrial exposure.

#### **Employee Feedback:**

We have generated the feedback forms from the Employees. After which we have prepared the table & entered the remark given by them. From table it is analysed that 56% of Employees gave excellent remark out of 70 employee selected Randomly & 40% of employee gave good remark, Average-03% & 1% fair It is analyzed that, Sport Extra curricular facility have got the highest i.e. 76% excellent remark. Also library facility and Management attitude have got 75% of excellent & 69% of excellent remark respectively. Research & development opportunity have got the lowest i.e 34% .

**Action taken:** The management will try to improve the poor sector i.e. R&D opportunities.

#### **Alumni Feedback:**

Overall Alumni suggested the need of more placement activities and industrial visit .

**Action taken:** As and when required Industrial visits are arranged as per the curriculum. The placement cell is applying more efforts for improving the placements. Students are permitted and encouraged for industry projects.
